

Job title: Production Assembly Technician

Location: Stanstead Abbots, Hertfordshire, UK

Closing date: 31st August 2021

Salary: Up to £25,000.00 per year DOE

Job type: Full time, permanent

Position overview:

Due to our continued expansion both domestically and internationally, Silent Sentinel is recruiting 2 further Production/Assembly Technicians to work as key members of our production team. You will be responsible for assembling, configuring and testing the products sold by Silent Sentinel.

We require a talented individual with experience of carrying out assembly tasks in a electromechanical/electrical environment. Our products are bespoke and hugely exciting so training will be offered however a background in this environment is essential.

Individuals who have worked within a team; but can be trusted working on their own would be ideal. Previous SME experience would be desirable.

Primary responsibilities:

- Assembling, configuring, testing the products sold by Silent Sentinel.
- Follow H&S guidelines in the working environment.
- Good housekeeping.
- Fabrication and design of metalwork as instructed.
- Updating of databases.
- Inspection of components and parts prior to assembly.
- Full responsibility for quality of work.
- Report issues to production manager/Production Engineering manager.

The successful candidate will be based at our headquarters in Stanstead Abbots, Hertfordshire.

Closing date 31st August 2021
